RYLA:
A weekend to
remember!

Natalie's Experience

I got more out of my weekend at RYLA than ever expected! Going into it I heard such great feedback about it but I never would have thought I'd enjoy it so much

The rotary international program is an amazing opportunity to travel abroad and even bring those from around the world to us! I was lucky enough to have one of my roommates be a girl from Sweden; I learned so much just by being around her that weekend

Hearing other Interact members from different schools talking about their clubs gave me ideas to bring to Dr. Phillip's Interact Club!

Even after just meeting, everyone was so bonded and caring for one another, especially during the nerve racking speeches.

The speakers brought out emotions from the kids that none of them thought they had. The inspiring words said that weekend truly struck a chord

Ismael's Experience

I had a really great time at RYLA. I thought it was going to be adults telling me things I already knew about myself, but I learned a lot of new things about leadership while having a great time.

The junior and senior staffers were the coolest people I have ever met. I had my doubts about the senior staffers but I actually grew fond of them.

The speakers were amazing. They had their own different techniques which made it more interesting, they did not just get on the podium and talked us to death instead they made their speeches entertaining and some actually made it a comedy show.

Because of RYLA my leadership skills have increased, and for the first time I am really not bothered by what anyone says to me because "people's comments are opinions not facts" Rick Pinette.

RYLA was the highlight of my year and I really can not wait to go back next year and make a bigger impression.

Ashlee's Experience

I had a blast a RYLA because the amount of new people you meet is incredible. I made many new friends, from all over the area.

RYLA taught me a lot about myself, as an individual, and as a leader, I can't wait to put some of the things I learned into action, next year with our Interact Club.

Probably the most nerve racking part about RYLA was the speeches. They definitely put you on the spot, and made you think.

The speakers at RYLA were amazing! They really blew me away, at first I was feeling like they were going to be boring, and everything, but they were actually really interesting, and held our interest, and really taught us a lot about our selves.

Finally I'd like to thank you all for this opportunity to attend RYLA. It was probably one of the best weekends of my life and by far on that I won't be forgetting. Thank you all so much, it really taught me a lot, about leadership, and myself.
